DETAILED ACTION

Allowable Subject Matter

1. Claims 69-157 are allowed.

2. The following is a statement of reasons for the indication of allowable subject matter: The claims are allowable because:

The Board of Patent Appeals and Interferences' decision dated November 30, 2007 to reverse the Examiner's Answer to Appellant's Appeal of a final rejection of Appellant's claims 69-157 dated September 15, 2004.

The BPAI decision is based on the following: "In the instant case we find that a person of ordinary skill in the art would have no reason to include a parsing processor or a breakout processor¹ in the Campbell system because the Campbell system is a system in which all the individual financial accounting processing systems have been integrated into one system. As such, there is no need for parsing. Therefore, we will not sustain this rejection." (p. 5, ll. 12-16).
